Luis,

In December you sent us an email regarding a request for TASC services that had come in regarding SSFL. As you may know, that request appears to have come in from someone who is generally at loggerheads with the rest of the community with regards the cleanup.

You indicated you were intending a capacity building meeting after the first of the year; I hope it is structured in a way that helps us avoid steps that the majority of the community view as problematic.

I would appreciate being kept in the loop on developments with regards this matter.

Please note the best email to reach me on, cbghirsch@aol.com. I can also be reached at 831 336 8003.

Thank you,

Daniel Hirsch  
 Committee to Bridge the Gap
